ComfortDelGro, CityCare champion Youth Olympics drive

SINGAPORE'S largest cab operator ComfortDelGro and non-profit organisation CityCare are working together to show their staunch support for Singapore's bid to host the Youth Olympic Games here in 2010.

Some 15,000 decals in all - emblazoned with the message 'We Support Singapore 2010' - will be distributed to all ComfortDelGro cabs in order to raise awareness for Singapore's bid to host the Youth Olympic Games here, as well as provide the CityCare youth volunteers an opportunity to contribute to a national cause.

Stuck on you: CityCare is partnering ComfortDelGro to hand out car decals supporting the Youth Olympics

Singapore is competing against Athens, Bangkok, Moscow and Turin to host the event in August 2010.

The decals were designed and produced by a network of collaborators including CityCare, 77th Street, Spectacle Hut, Fuji Xerox and V Hive. Fifteen youth volunteers were stationed at five of the cab operator's diesel kiosks yesterday to help cab drivers attach the decals onto their vehicles.

The CityCare volunteers gave out 100 decals at each kiosk, while the remainder will be distributed to drivers by ComfortDelGro.

A limited number will also be available at all 77th Street, Spectacle Hut and V Hive stores.
